8. Trainee will need to complete a subsequent development letter to request VA Form 21-0781, Statement in Support of Claim for Service Connection for PTSD by selecting: *PTSD - Need stressor details/med evid of stressful incdnt*, as the veteran claimed PTSD but didn't provide any additional information and there is no record of combat.
(per **M21-1 VIII.iv.1.A.2.i**).

The trainee will also need to exclude from FDC and provide the following paragraph from Letter Creator:

You requested that we expedite your claim under the FDC Program; however, we cannot process your claim under this program because you did not simultaneously submit with your application all items required to process your claim. Because your claim is not eligible for processing under the FDC Program, we are processing it under our standard claims processing

NOTE: Per M21-1 VIII.iv.1.A.2.h – Do NOT routinely request a VA Form 21-0781a without an indication that the claim involves personal trauma. Therefore, for this case, you would NOT send the VA Form 21-0781a with the subsequent letter as there is NO indication of personal trauma.

Reminder- Once the letter is finalized in VBMS the tracked items will be created, but the letter isn't released until package is sent via Package Manager. The trainee must click on the "Here" hyperlink to go to Package Manager or Click on the Veteran tab to select Package Manager. Once in Package Manager, the letter will show as a draft format. Choose the letter, ensure the recipient info is correct and select Send Package at the top right.

9. Trainee must enter a note into VBMS: Exam review not yet performed pending receipt of STRs and personnel records. Excluded from FDC, requested VA Form 21-0781 from Veteran. CAPRI enterprise search was conducted with negative response.
10. Tracked items should be:
- a. PIES Request for O50 (Under MANLPIESRQST)
 - b. PTSD – Need stressor details/med evid of stressful incdnt
 - c. Secondary action required
