Scenario Comments	

This is a subsequent development eCase. The claim has already been established and there are already documents in VBMS Demo.

Scenario: The Veteran had previously filed a claim for Low Back, Bilateral hearing loss, Tinnitus and Bilateral Knee Conditions. A copy of his HAIMS STRs was simulated for the trainees as being in the file. The veteran filed his claim within one year of discharge, therefore a General Medical and Audio exam were scheduled, and we are currently waiting on the results. The Veteran subsequently filed another VA Form 21-526EZ claiming PTSD and a VA Form 21-686c to include dependents. Based on a review of the file, the Veteran has documented combat on his DD214 with the CIB and Bronze Star "V" and claimed symptoms of PTSD on his application. Therefore, he is entitled to a PTSD Initial Exam. He also referenced treatment at the Baltimore Vet Center.

Actions:

1. The trainee will need to establish contentions for the dependents being claimed on the VA Form 21-686c per M21-1 VII.i.1.A.1.i - Additional Instructions for Handling Concurrently Pending Claims for Disability Compensation and Additional Compensation for a Dependent.
2. The trainee will need to send a subsequent development letter to the veteran requesting a 4142 and 4142a. Add the paragraph under Compensation the paragraph – *21-4142/21-4142a*; as the veteran mentioned treatment at the Baltimore Vet Center. The trainee will also include the following paragraph from Letter Creator:

You requested that we expedite your claim under the FDC Program; however, we cannot process your claim under this program because:

We received an additional claim after we received your FDC application.

Because your claim is not eligible for processing under the FDC Program, we are processing it under our standard claims-processing procedures.

3. The trainee will need to request a PTSD Initial Exam in VBMS Demo, regardless of what ERRA reports.
4. The trainee will need to change the Special Issue under the contentions from "Fully Developed Claim" to "FDC Excluded – Additional Claim Submitted"

Review with trainees that the following items should be checked each time they open a claims eFolder:

1. Ensure that an EP 110COMP7 - Initial Live Comp < 8 Issues is established (or change if needed).
2. In VBMS Documents, ensure that both eCase documents are uploaded. The new documents should be labelled as follows:
 - Subject: VA Form 21-526EZ (additional claim)
 - Category – Type: Original Claim: VA 21-526EZ, Fully Developed Claim (Compensation)
 - Content Source: VBMS
 - Date of Receipt – date of receipt on the Additional 21-526EZ
3. Review all eCase documents to determine the following questions
 - a. Do we have a substantially complete claim? Yes, the VA 21-526EZ is properly signed

- b. Was 5103 or other notification required? 5103 was not needed as the claim was on a 21-526EZ.
- c. Is the Veteran eligible and have we verified service? Yes
- d. Have we obtained STRs? Yes
- e. Does the claim require any non-Federal record development? No
- f. Does the claim require any Federal record development? Yes, an enterprise search was done (note to recheck) and Vet Center records are needed
- g. Do we have evidence to request an exam and/or medical opinion? We are still waiting for the previously exams that were ordered and we have now ordered a PTSD Initial exam.

4. Check VBMS system

- a. Are contentions and special issues updated correctly?

<p>Contention: Low Back Classification: Musculoskeletal – Mid/Lower back (Thoracolumbar Spine) Date of Contention: (DOC) Verified: Yes Type: New Medical: Yes Special Issue: FDC Excluded – All required items not Submitted, Local mentor Review</p>	<p>Contention: Bilateral Hearing Loss Classification: Hearing loss Date of Contention: (DOC) Verified: Yes Type: New Medical: Yes Special Issue: N/A Special Issue are claim based</p>
<p>Contention: Tinnitus Classification: Hearing loss Date of Contention: (DOC) Verified: Yes Type: New Medical: Yes Special Issue: N/A Special Issue are claim based</p>	<p>Contention: Bilateral Knee Conditions Classification: Musculoskeletal - Knee Date of Contention: (DOC) Verified: Yes Type: New Medical: Yes Special Issue: N/A Special Issue are claim based</p>
<p>Contention: PTSD Classification: Post Traumatic Stress Disorder (PTSD) Combat – Mental Disorders Date of Contention: (DOC) (This date will be different) Verified: Yes Type: New Medical: Yes Special Issue: FDC Excluded – Additional claim submitted, PTSD-Combat</p>	<p>Contention: dependency claim for Susan (spouse) Classification: Administrative Issue Date of Contention: (DOC) (This date will be different) Verified: Yes Type: New Medical: No Special Issue: N/A Special Issue are claim based</p>
<p>Contention: dependency claim for Bart (child)</p>	

Classification: Administrative Issue Date of Contention: (DOC) (This date will be different) Verified: Yes Type: New Medical: No Special Issue: N/A Special Issue are claim based	
--	--

- a. Is the date of claim correct? Yes, comparing VBMS and the VA 21-526EZ
- b. Is the Veteran's contact information correct? Select the Veteran Profile menu to verify the current address and telephone number.
- c. Is the Veteran's POA Information Correct? Select the Veteran POA menu to verify:
 - General POA shows Disabled American Veterans
 - eFolder Access: Yes
 - Chg of Addr Auth: Yes

5. Are tracked items updated to reflect any documents received?

- Exam Request – Processing
- Exam Request – bilateral hearing loss
- Exam Request – Tinnitus
- Exam Request – low back strain
- Exam Request – bilateral knee condition
- 21-4142/21-4142a
- Exam Request - PTSD

6. Trainee must enter a note into VBMS: Exam review complete for all conditions. Subsequent letter to veteran to submit 21-4142 for Vet Center Records. Excluded from FDC as submitted an additional claim. CAPRI Enterprise search completed, with a negative response.
