

Trainee Instructions for eCase

VETERAN – RANDALL BARRETT – FILE NUMBER: 6Y23XX00

In processing this claim you will consider the following actions to already be completed:

- You will have limited access to update systems compliance issues while processing eCases. Specifically, any system compliance issue that must be updated utilizing SHARE, such as Corporate Flashes, cannot be processed at this time. Any information that can be entered in VBMS Demo will be your responsibility to update and issues that require the use of SHARE will be annotated on your Development Checklist as completed.
- If direct deposit information is included on the VA Form 21-526EZ, you will treat the case as if a voided check was attached verifying the routing and account number. Then update VBMS Demo as required.
- **All documents are certified**, unless otherwise noted
- Any historical documents that may be provided (DD 214, STRs, Entrance and Exit Exams), are to give you necessary information to process the claim. Do not allow historical inaccuracies to divert your attention from processing the claim.
- If by chance, there is already an EP associated with the claim, continue to CEST a new claim. The purpose of this exercise is to develop the PTSD claim.

Using all available systems and given the set of documents, the trainee will develop the following claim.

You must CEST the claim prior to uploading any documents. You must also assign the claim to yourself.
