IMPORTANT INFORMATION ON MILITARY RETIRED PAY (Includes all Uniformed Services Retired Pay):  Submission of this application constitutes a waiver of military retired pay in an amount equal to VA compensation awarded, if you are entitled to both benefits. Your retired pay may be reduced by the amount of VA compensation awarded. Receipt of the full amount of military retired pay and VA compensation at the same time may result in an overpayment, which may be subject to collection. If you qualify for concurrent receipt of VA compensation and military retired pay, the waiver of retired pay will not apply. If you do not want to waive any retired pay to receive VA compensation, you should check the box in Item 26, you will not receive VA compensation, if granted. If you are currently in receipt of VA compensation and you check the box in Item 26, your VA compensation will be terminated, if you are also eligible for military retired pay.  IMPORTANT: VA COMPENSATION PAY IS NON-TAXABLE. THEREFORE, VA COMPENSATION PAY MAY BE THE GREATER BENEFIT.  □ 26. Do NOT pay me VA compensation. I do NOT want to receive VA compensation in lieu of retired pay.  IMPORTANT INFORMATION ON SEPARATION/SEVERANCE PAY:  VA compensation, if granted, may be withheld to recoup any disability severance or separation pay such as involuntary separation pay, or special separation benefit, you receive from your branch of service. In addition, if you receive a Voluntary Separation Incentive (VSI), your VSI payments may be reduced if you are awarded VA compensation. Receipt of VA compensation and VSI at the same time may result in an overpayment of VSI, which may be subject to collection.  27A. IMPORTANT INFORMATION ON INACTIVE DUTY TRAINING PAY: You may elect to keep the active or inactive duty training pay you received from the military service department. However, to be legally entitled to keep your training pay, you must waive VA benefits for the number of days equal to the number of days for which you received training pay. In most instances, it will be to your advantage to waive your VA benefits and keep your training pay.  If you waive VA benefits to receive training pay by checking the box in Item 28, VA will retroactively adjust your VA award to withhold benefits equal to the total number of training days waived and at the monthly rate in effect for the fiscal year period for which you received training pay. This action may result in an overpayment of compensation, which may be subject to collection.								
_						ensation in lieu of train	ATION PAY MAY BE THE GREATER BENEFIT.

VA File Number 6Y19XX00

Rating Decision
June 11, 2017

#### **INTRODUCTION**

The records reflect that you are a Veteran of the peactime. You served in the Army from June 12, 1982, to June 11, 1984. You filed an original disability claim that was received on January 22, 2017. Based on a review of the evidence listed below, we have made the following decision(s) on your claim.

#### **DECISION**

1. Service connection for gastroesophageal reflux disease is granted with an evaluation of 10 percent effective January 22, 2017.

#### **EVIDENCE**

- DD Form 214, Certificate of Release or Discharge from Active Duty received February 06, 2017, for the period June 12, 1982, to June 11, 1984.
- Service treatment records received February 06, 2017, for the period June 12, 1982, to June 11, 1984.

Darryl Baxter TRA-88-9661 Page 2 of 4

#### **REASONS FOR DECISION**

1. Service connection for gastroesophageal reflux disease.

Service connection for gastroesophageal reflux disease has been established as directly related to military service.

An evaluation of 10 percent is assigned from January 22, 2017.

We have assigned a 10 percent evaluation for your gastroesophageal reflux disease based on:

- Arm pain
- Regurgitation

A higher evaluation of 30 percent is not warranted for hiatal hernia unless the evidence shows persistently recurrent epigastric distress with dysphagia, pyrosis, and regurgitation, accompanied by substernal or arm or shoulder pain, productive of considerable impairment of health.

This disability is not specifically listed in the rating schedule; therefore, it is rated analogous to a disability in which not only the functions affected, but anatomical localization and symptoms, are closely related.
